

Pleasant Bay Citizen Water Quality Monitoring Program

2011 Sampling Dates and Times

Date	Day	Low Tide	Sampling Timeframe
1. July 6 th	Wednesday	1:08 pm	7-9 am
2. July 20 th	Wednesday	12:51 pm	7-9 am
3. August 4 th	Thursday	12:45 pm	7-9 am
4. August 18 th	Thursday	12:15 pm	7-9 am
5. September 19 th	Monday	1:49 pm	8-9 am

Dates have been chosen to most effectively meeting the target of mid, ebbing tide within the constraints of when samples can be sent to SMAST.

2011 Training Dates

Please Note: We are requesting that, at a minimum, two volunteers from each station be re-certified each year. We encourage all volunteers to participate in the re-certification process at a check off session. Re-certification takes approximately 15-20 minutes and you may come any time within the session. The introductory session is geared for new volunteers and those looking for a thorough refresher on program objectives and procedures.

Session		Location
Thursday, June 16 th 4-6 pm	Introductory session	Chatham Annex, 261 George Ryder Road
Thursday, June 16 th 6-7 pm	Check-off session	Chatham Annex, 261 George Ryder Road
Wednesday, June 22 nd 4-5 pm	Check-off session	Chatham Annex, 261 George Ryder Road
